MISSION LEADERS:

Jeffrey Schwartz, Chairman of Housing Development Fund

Rick Krosnick, JNF Chief Development Officer

The JNF Housing Development Fund Mission is an opportunity to learn first hand about Israel's housing crisis and JNF's work to help communities expand and create a better quality of life. The housing solution is found in the development of the Negev and Galilee, and together we will tour communities in the south and north and meet the modern day pioneers who are building Israel for future generations.
