BIRDWATCHING AND NATURE PHOTOGRAPHY MISSION

FEBRUARY 12 - 21, 2013

Mission Chairs: Dr. Chet Stein and Phil Waldman

Mission Professional: Stuart Diamant-Cohen

This mission will be a unique experience for anyone who wants to see Israel's spectacular ecology first-hand and understand what JNF is doing to preserve and enhance it.

HIGHLIGHTS:

- Visit world-renowned bird sanctuaries in the Galilee and Negev, and observe thousands of birds - over 390 species - as they travel on a migratory route between Africa, Europe and Asia.
- Hear guest lectures from top birdwatching experts.
- Spend two days on a birdwatching excursion through Cyprus, a major stop along the migratory route between Africa, Europe and Asia.
- Visit the Hula Birdwatching Center, named one of the most outstanding sites throughout the world for nature observation and photography by BBC Wildlife Magazine, the best selling natural history and environmental magazine.
- Take part in a nature photography workshop with professional photographer Eyal Bartov.
- Visit JNF sites and projects while touring throughout the country. Suitable for veteran visitors, as well as first-timers to Israel.

PRICE: *Coming Soon!*
