

JNF Speakers Bureau June 2016 *Your Voice in Israel*

A Message from Speakers Bureau Chairman Robert Benedon:

In the first half of this fiscal year, from October 1st until April 30th, 53 events have used members of the JNF Speakers Bureau – in addition to the many meetings with our partners and lay leaders. Despite summer being a somewhat slower time of the year for events, this is an opportune time to plan fall and winter events for speakers, partners (especially in September around National Conference), and Makor fundraising. But fundraising never takes a vacation - we are primed for our annual Summer Blitz campaign where the Makor group and selected leaders will be visiting 26 regions across the country, spearheading the campaign to close 3,000 gifts as we advance toward our 2016 goal of \$80 million, en route to \$1 Billion Dollars of support for our beloved Israel. I encourage lay leaders to work with their assigned professionals to make Summer Blitz even more successful by generating potential donors that you know from your own circles to meet with as you travel to their areas.
Looking forward to a productive summer, Bob

Our Speakers Bureau members on the Road – take advantage of having them in your city –available dates around their existing travel schedules
