Correcting Misinformation

It is apparent that there is confusion regarding President Bill Clinton's upcoming appearance in Israel. We would like to make clear that JNF-USA and KKL (JNF Israel) are two completely separate organizations. All JNF-US funds raised are designated for specific projects that help improve the quality of life for all Israelis and go directly to those projects and are monitored closely. Not a single dollar raised here in the US is being used to pay for President Bill Clinton's appearances in Israel. When media outlets reference Jewish National Fund, they are referring to KKL-JNF Israel, *not* JNF-USA.
