

It has come to our attention that payment to the foundation of President Bill Clinton was made for his participation in the upcoming Presidents Conference and 90th birthday party of President Shimon Peres by the Peres Peace Center. Keren Kayemeth Lelsrael (JNF-Israel) was one of the major supporters as he is also scheduled to speak at their (KKL-JNF Israel) international conference where more than 600 people will attend a gala dinner with President Clinton and President Peres. While it is customary to pay a speaker's honorarium, travel expenses, and dinner venue cost, Jewish National Fund of America donated dollars were not utilized for this. Participants from over 40 countries are paying their own way to enjoy this celebration. We wish President Peres a happy birthday and a celebration on the level he deserves.
