December 1 - 8, 2016

TOUR CHAIRS: Laureine Greenbaum & Robert Lembke
HONORARY TOUR CHAIR: Dr. Mort Mower
JNF PROFESSIONAL: Talia Tzour Avner, Chief Israel Emissary

A global water crisis is upon us. Israel has been at the forefront of water solutions for several decades. Jewish National Fund has played a central role in Israel's water achievements – and continues to do so.

IF YOU ARE INTERESTED IN:

- A sustainable future...
- Cutting-edge water technology and solutions for water scarcity...
- A thorough examination of a country that knows how to manage its water and handle severe water crises...
- A country that holds a world's record in recycling and is a leader in its water technology, companies and start-ups... **This tour was designed for you!**

MAIN TOUR HIGHLIGHTS:

- Review of the country's natural water resources and how they are managed.
- Meet and network with top level speakers, figures, researchers and business leaders from various water authorities, companies, universities and more.
- Learn about geopolitics, hydropolitics and transboundary water management, reservoirs, wetlands, desalination plants, river restoration and drillings.

Visit Israel with JNF and learn first-hand how Israel overcame its severe water crisis, turning itself into the most water conscious nation on earth.
