

Dr. Itzhak (Tzaki) Siev-Ner bio

Intro:

Ladies and gentlemen,

Now it is my privilege to welcome an Israeli leader in physical medicine and rehabilitation.

Since 2017, Dr. Itzhak Siev-Ner has served as the Director of the Rehabilitation Division in Israel's Ministry of Health, as well as the Medical Director of Jewish National Fund affiliate ALEH Negev-Nahalat Eran Rehabilitation Hospital. He also sits on the Board of Directors of Magen David Adom.

His desire to help others is evident through his, and his department's, efforts to treat most of Israel's war and terror casualties in addition to providing long-term care for Israeli military veterans. In addition, he is a leading practitioner in the use of prosthetics.

Dr. Siev-Ner has also held leadership roles with Israel's Ministry of Health and non-governmental industry bodies such as the Israel Medical Association, where he served as Vice-President. Since 2004, he has served as chairman of the Israeli Society for Diabetic Foot and Wound Care.

Ladies and gentlemen, will you please join me in welcoming a leading light and source of hope for patients undergoing rehabilitation, Dr. Tzaki Siev-Ner.
