

## **Jeff Scott Goldman**

### **Intro**

Ladies and gentlemen,

It's my distinct privilege to introduce a man who has witnessed and reported on almost every world event over the past four decades.

He is an Emmy award-winning producer and reporter for CBS News and the PBS NewsHour and has met and interviewed prominent world leaders including Mikhail Gorbachev, Shimon Peres, and various Arab leaders. He has also covered and traveled with six U.S. presidents and several secretaries of state.

He has gained a laudable reputation for his on the ground eye-witness reporting and was stationed in Saudi Arabia and Kuwait during both Gulf Wars. In addition, he and was one of the first journalists to arrive on the scene with American search and rescue teams following the 2010 Haitian earthquake.

Friends, it's impossible to do justice in this brief introduction to the most incredible of careers that our guest speaker has had. Nevertheless, will you please join me in welcoming one of our country's most extraordinary journalists, Jeff Scott Goldman.
